

Smoky Mountain Chapter

FIFTH ANNUAL PLANT SWAP

TIPS FOR SWAPPERS

- *Plants should be in a clean container
- *Label the plants with as much info as possible: annual, perennial, size, sun/shade, bloom color, water needs, etc.
- *Dig/Replant your plants a few days in advance, and water well so they have time to recover and look good.
- *Bring trays, boxes or flats to carry your new plants home.
- *Your plants should be well watered and pest and disease free.
- *All seeds and bulbs should be the current crop

NO invasive plants please!

Saturday, September 26, 2020
9:00 AM until 12 Noon

Hosted by:

The Wild Ones
